

CHEMISTRY RESEARCH SYMPOSIUM

October 26th, 2018

UIC Student Center East, 750 South Halsted Street, Chicago, IL, 60607

Discussion Moderators: Audra Lemley, Mónica Rivas, and Rickey Kellow

1:00 – 1:15	Audra Lemley, President CGSA <i>Welcome and Introduction</i>	Tower Room 302
1:15 – 1:40	Anna Szuba <i>Stieff Group</i> Chemical Education <i>Biochemistry Students' Understanding of Protein Structure using Molecular Visualization Software</i>	Tower Room 302
1:40 – 2:05	Heewhan Shin <i>Yang Group</i> Biochemistry <i>Elucidating the Reaction Trajectory of a Dual Sensor Photoreceptor</i>	Tower Room 302
2:05 – 2:20	Coffee Break	Tower Room 302
2:20 – 2:45	Mark Wolfman <i>Cabana Group</i> Physical Chemistry <i>Multi-Scale Chemical Microscopy of Reaction Inhomogeneities in Lithium-Ion Battery Particles</i>	Tower Room 302
2:45 – 3:45	Keynote Address Dr. Benjamin Stokes, Alum, Driver Group Assistant Professor of Chemistry University of California-Merced Ph.D. University of Illinois at Chicago	Tower Room 302
3:45 – 5:00	Poster Session and Reception	East Terrace

The UIC Chemistry Research Symposium is a yearly event open to post-doctoral fellows, graduate students, and undergraduate students who want to showcase their research. Students and faculty from all divisions across the Chemistry department will get a chance to interact and find out what lies at the frontiers of UIC Chemistry Research. In order to be considered for an oral presentation, abstracts are judged anonymously by a panel of faculty members in the same or similar field of study/division.
